

Beit Issie Shapiro

Global Consulting Division

CATALYSTS FOR CHANGE

Global consultation
and training in the
field of disabilities

The Global Consulting Division of Beit Issie Shapiro works with governments, organizations and individuals around the world, offering highly structured modules to assist in the development of community-based facilities and services impacting people with disabilities, their families and communities.

OUR PROCESS

- 1 | In-depth assessment of needs by a multi-disciplinary team
- 2 | Development of tailored consultation and training programs
- 3 | On-site instruction from globally recognized experts
- 4 | Ongoing post-launch support

ABOUT US

For 4 decades, Beit Issie Shapiro has been researching and implementing methodologies and best practices for people with disabilities and those around them. A world-renowned innovator in the field, our activities impact the lives of more than 30,000 children and adults globally.

Beit Issie Shapiro is proud to have Special Consultative Status with the United Nation's Economic and Social Council (ECOSOC) since 2012.
